\_\_\_\_\_

## CHANGE DETAILS

Provide details about the change. Details shall include items such as materials and colors, landscape plans, lot plans that show the location of sheds and other structures, dimensions and other details to help the ACC evaluate the change. If specifying colors, provide the manufacturer and color number or attach an image of the color. Attach other pages as necessary. The information can be provided as attachments to this document.

If you are going to do an addition to the house, use the Design Review Certificate submitted by builders for new construction.

Block walls must be use tone colors, no wood or vinyl. See the web site for more guidelines on changes.
